

Tarea 2 Curso de git learn branch

VANEGAS MARTINEZ SERGIO NICOLAS

MARIN VALENCIA NICOLAS ALEXANDER

PUENTES UMBARILA GABRIEL JERONIMO

The screenshot displays two levels of the Git Academy course:

- Secuencia introductoria** (Introductory Sequence):
 - Acelerando**: A brief introduction to most git commands. Includes a note about committing while detached from HEAD.
 - Moviendo el trabajo por ahí**: Introducing cherry-pick. Includes a note about taking a single commit.
 - Un poco de todo**: A mix of techniques, tips, and suggestions. Includes a note about rebasing over 9000 times.
 - Temas avanzados**: Advanced topics for the brave. Includes a note about cloning.
- Push y Pull -- Git Remotes!** (Push and Pull -- Git Remotes!):
 - Hasta el origen y más allá -- Git Remotes avanzado!**: Advanced remote branches. Includes a note about pushing to main.

Both sections feature a progress bar with 8 yellow stars and a green 'co' icon at the top right.

Right Panel (Chrome Profile):

- G** Gabriel Jeronimo •unal
gpuentesu@unal.edu.co
- Contraseñas y Autocompletar**
- Gestionar tu cuenta de Google**
- Personalizar perfil**
- La sincronización está activada**
- Otros perfiles de Chrome**
- Añadir perfil de Chrome**
- Perfil de invitado abierto**
- Gestionar perfiles de Chrome**

GUERRERO SANJUAN SAMUEL MATEO

The screenshot shows a web browser with two tabs open. The left tab, titled 'Learn Git Branching', contains a terminal-like interface for learning Git branching. It features a sidebar with a navigation menu and several sections of code examples and explanations. The right tab, titled 'Google', shows a user profile for 'samguerrerosa@unal.edu.co' with options to manage the account and a history of search terms.

Learn Git Branching Tab:

- Terminal Output:**

```
$ lleva
$ huye
$ huele
$ localiza
$ telefona
$ debla
$ dela
$ show
$ show
$ rese
$ git
$ git
$ echo
$ echo
$ access
$ reset
$ git pull origin c3:foo
$ git pull origin c2:side
$ echo "level solved! type in 'levels'" to access the next level
$ levels
```
- Code Examples:**
 - Secuencia introductoria:** Includes sections like 'Introducción a los commits de GIT', 'Desatácate tu HEAD', 'Moviendo el trabajo por ahí', 'Un poco de todo', and 'Tiempos avanzados'.
 - Push y Pull -- Git Remotes!** Includes sections like 'Introducción a clone', 'Hasta el origen y más allá -- Git Remotes avanzado!', and 'Push Main'.

Google Tab:

- User Profile:** samguerrerosa@unal.edu.co (Gestionada por unal.edu.co)
- Profile Picture:** A blue circle with a white letter 'S'.
- Messages:** '+ Hola, Samuel Mateo!' (Gestionar tu cuenta de Google)
- Account Settings:** Options to 'Ignorar' or 'Definir dirección de casa'.
- Location:** Colombia
- Search History:** 'Historial de búsqueda' (No se está guardando)
- Other Options:** 'Mostrar más cuentas', 'Más de Búsqueda de Google', and 'Privacidad'.
